

Setria™ – Morning Antioxidant

from *Healthy Origins*®

New

- ▲ Supports energy production and antioxidant defense
- ▲ Provides all day immune protection
- ▲ Helps recycle Vitamin C in the body

Healthy Origins® *Setria*™ L-Glutathione Reduced (Active Form) is a naturally derived substance that is a biologically active sulfur amino acid tripeptide compound containing three amino acids: L-Cystine, L-Glutamic Acid and Glycine.

The key benefit of the ingredient is its ability to bind to organic substances and other chemicals that promote vital detoxification. Our *Setria*™ brand of L-Glutathione Reduced is a trademark of Kyowa Hakko Kogyo Co., Ltd., and is produced exclusively in Japan using a proprietary fermentation process and is pharmaceutical grade, the highest quality available.

Glutathione levels decline at night and are the lowest in the morning. *Healthy Origins*® *Setria*™ L-Glutathione Reduced is recommended daily as a dietary supplement for its antioxidative action and over all anti-aging properties. *Setria*™ L-Glutathione rejuvenates cellular strength through potent antioxidant properties.

Healthy Origins based in Pittsburgh, PA, is a leader in the emerging field of nutritional supplements. Our products feature branded ingredients as follows:
